1. CUSTOMER SEGMENT(S)

CS

6. CUSTOMER CONSTRAINTS

2. Authorized Login.

3. Difficult accessibility.

1 Affordable stable network connection

Which solutions are available to the customers when they face the problem or need to get the job done? What have they tried in the past? What pros & cons do these solutions have? i.e. pen and paper is an alternative to digital notetaking

- 1. User friendly interface, avoiding misleading ads.
- 2. Keeping track of user'

5. AVAILABLE SOLUTIONS

1. People who earn and spend money.

- 2. People who lead family.
- 3. People who needs to track their daily expenses.

2. JOBS-TO-BE-DONE / PROBLEMS

There could be more than one; explore different sides.

J&P

Which jobs-to-be-done (or problems) do you address for your customers?

SL

What does your customer do to address the problem and get the job done? i.e. directly related: find the right solar panel installer, calculate usage and benefits; indirectly associated: customers spend free time on volunteering work (i.e. Greenpeace)

- 1. Remove duplicate transactions.
- 2. Bad user interface.
- 3. User data security.
- 4. Backup and Restore all information.

9. PROBLEM ROOT CAUSE

the back story behind the need to do thisiob?

i.e. customers have to do it because of the change in regulations.

What is the real reason that this problem exists? What is

- 1. No download option user may not have the internet.
- 2. No search bars leads frustration to search transaction.
- 3. User interface needs to be attractive and easy to use or it makes user to loss interest on app.

1. User may avoid notification if it is not related.

7. BEHAVIOUR

- 2. User gets frustrated while using bad user interface.
- 3. User may get confused.

1. TRIGGERS

What triggers customers to act? i.e. seeing their neighbour installing solar panels, reading about a more efficient solution in the news

- 1, avoid unwanted expenses and bad financial situations
- guide them and make them aware about their daily expenses.

4. EMOTIONS: BEFORE / AFTER

TR

How do customers feel when they face a problem or a job and afterwards?

i.e. lost, insecure > confident, in control - use it in your communication strategy & design.Before using this product people were not tracking their expenses so they spent their

But after using this product they are more focused and concentrated about their spending

10. YOUR SOLUTION

If you are working on an existing business, write down your current solution first, fill in the canvas, and check how much it fits reality.

If you are working on a new business proposition, then keep it blank until you fill inthe canvas and come up with a solution that fits within customer limitations, solves a problem and matches customerbehaviour.

- Generate monthly report and forecast budget for the users.
- Improve users' financial management and forecast future budget planning.

8. CHANNELS of BEHAVIOUR

User can download reports and can share it to other people User can plan for their future
